

ROCK THE STAGE NYC

Internet Lessons with Kevin Richards:

Welcome to Rock the Stage. I'm thrilled you've decided to pursue vocal development with us. Here's what you will need before your first online internet lesson.

1. Download [Skype](#), and set up a personal account.
2. Add rockthestagenyc to your contacts.
3. You will need a webcam, microphone or webcam with microphone plus speakers. I am using the Logitech 9000 and have been very happy with it. It can shoot HD widescreen for under \$99.00
4. Once you have set up [Skype](#), go to the Tools section of the File menu, scroll down to "do more" then to the 'get extras' then to 'productivity' and add one of the recording add-ons for audio, video, or dual audio/video. We've had good success with the Pretty May Recorder and Sharer and the Supertintin Video Recorder.
5. Go to the Rock the Stage store and pre-pay for your internet lessons
6. Send an [email](#) to the studio and request the time and date for your online lesson. Go to the [studio calendar](#) for scheduled times, then send your request and we will see what is available.

What to do before your first online lesson:

About 5 minutes before your scheduled lesson time, log in to your Skype account. Set up any recording items you will need as well as any music that y

At your scheduled lesson time, just call the studio via Skype at rockthestagenyc, start your video cam and press record on your recording add-on.

If you have any questions or difficulty, please don't hesitate to give us a call or email.

See you soon!
